TPS SETTING BENCH

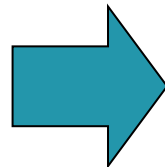

TESA TPS PRESETTING BENCH UNITS 300 / 500 / 1000

These CNC pre-setting benches are specially designed for checking and pre-setting all kinds of 2-point and 3-point handheld tools used for both internal and external measurements up to 1000 mm (1500 mm available on demand).

Benefit

The need for a wide variety of setting standards such as ring gauges and gauge blocks is eliminated as these products are replaced by one instrument
